## Shenzhen International Lithium Battery Technology Exhibition 2017

Shenzhen International Lithium Battery Summit  
China Lithium Battery Industry Branding Ceremony

27<sup>th</sup>-29<sup>th</sup> November,2017

Shenzhen Convention & Exhibition Center

[www.ibtechina.com](http://www.ibtechina.com)

## Exhibition Introductions

**TIME:** 27th-29th November,2017

**ADDRESS:** Shenzhen Convention & Exhibition Center

**WEBSITE:** www.ibtechina.com

### Host

China Charging Pile Association  
 Shenzhen New Energy Vehicle Industry Association  
 Industry-University-Institute Cooperation Innovation Alliance for Advanced Battery and Material  
 Shenzhen Electrical Power Technology Association  
 Lithium Battery Top Hundred Association  
 Heli Group

### Co-organizer

Graduate School at Shenzhen,  
 Tsinghua University Materials and Devices Testing Center  
 Shenzhen Robotics Association  
 Shenzhen Intelligent Manufacturing  
 EV R&D of Chinese Academy of Sciences  
 FIA

### Organizer

Shanghai Heli Exhibitions Co.,Ltd

## Support Association

EU New Energy EV Association	Shenzhen Mobile Phone Industry Association
US New Energy EV Association	Japan Battery Association
Shenzhen EV Industry Association	Taiwan Battery Association
New Energy Automotive Industry Associations from cities and provinces in China	Battery Industry Association of South Korea

## Media support

China Battery Web	EVLOOK	ZOL
China LIB Battery Web	D1EV	ZHEV
Global Battery Web	GG-LB	UNIMA
CNMO	CHONGDIAN360	51 Wearable
China EV Web	Charging Pile Nowadays Magazine	CA168

## Financial media

CNSTOCKS	163	FENGHUANG
MRCJCN	SINA	TOUTIAO
CE	SOHU	

## Exhibition Introductions

Welcome to participate the 2017 Shenzhen International Lithium Battery Technology Exhibition, abbreviated as IBTE, which is the biggest lithium battery technology exhibition in southern part of China, organized by Heli Exhibitions. Concurrent event South China International Lithium Battery Summit Forum is also held.

Over the recent years, the 3C Lithium Battery market is growing steadily, power LIB market has become the biggest engine for the global lithium battery growth. According to the data from China Association of Automobile Manufactures, 517,000 new energy autos were produced, 507,000 were sold, increased by 51.7% and 53% compared to the last year. Of which, 417,000 and 409,000 pure EVs were produced and sold, increased by 63.9% and 65.1% compared to the last year. Plug-in Hybrid autos 99,000 and 98,000 were produced and sold, increased by 15.7% and 17.1% compared to the last year. From January to December 2016, smart phones globally, 1.45 billion phones were delivered, and 140 million notebook computers were delivered. Lithium batteries are the products most widely used in the industries of new energy autos, smart phones and notebook computers.

It is predicted that over 800,000 quantities of new energy autos will be produced in 2017, and 1.7 billion mobile phones will be delivered globally in 2017, from which we can see the power lithium battery and 3C lithium battery market will keep growing, and in the long run the power lithium battery market will keep expanding worldwide.

From the application area domestically in China, the fast development of power, energy storage, and 3C industries has become the driving force of the lithium battery industries, and specially the growing demands on the power and energy storage industries.

China power lithium battery enterprises have played the vital role in the global power lithium battery industries, and its marketing share is going up day by day. 15% of marketing share has grown up from the data between the year 2011 and 2015. It is predicated that the marketing scales will come up to 500 billion RMB from year 2016 to 2020.

It is China where we can count on the development of LIB industries worldly and it is Shenzhen where we can count on the development of LIB industries, IBTE will take you together to start the new chapter of China Lithium Battery development.

*2017 Shenzhen IBTE, motivating the healthy and steady development of China Lithium Battery development, of which total scale comes up to 30,000 square meters, gathering more than 500 exhibitors and over 35,000 professional visitors, its influence is spreading around China and the trading services is influencing the world, IBTE has become the most influential and professional lithium battery technology exhibition in China.*

 **30,000** SQM  
Exhibition Area

 **500+**  
Exhibitors

 **35,000+**  
Visitors

## VISITORS

 New energy vehicles

 EV buses

 EV Logistics trucks  
Truck-tractor

 EV bicycles

 Space and Aviation

 Energy Storage  
LIB

 Mobile phone companies  
Mobile Power Pack

 UAV/Electric car balance /  
E-powered Toys

 3C Digital Equipment  
Intelligent Hardware

 E-powered tools

 Smart home  
Home appliance

 Solar Road Lamp

 Government  
Scientific Institutes

 Robot

 Other industries

## TVP

## Exhibition Categories

### Lithium Battery

LIB battery · polymer lithium battery · lithium iron phosphate · lithium-ion power battery · Super-capacitor · Energy storage batteries · lithium iron phosphate · lithium primary battery · titan acid lithium battery and etc.

### Raw Materials Of The LIB

Ternary materials · anode material · negative electrode materials · electrolyte · membrane · graphene · glue binder · active carbon · ion water solvent · hydrogen absorbing alloy · cell · steel cover · aluminum cover and other related materials.

### Battery cells

Square battery cells · circular type battery cells · polymerid battery cells

### LIB Equipment

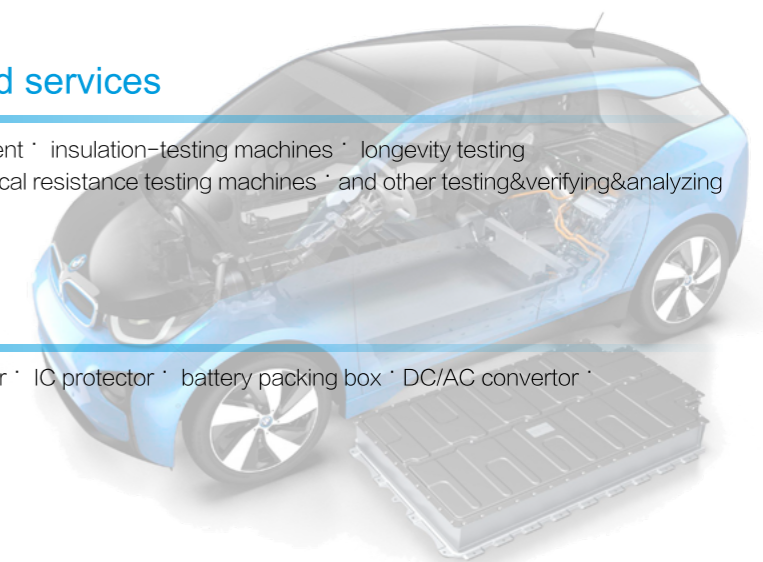

Electrode producing equipment · pulverizer · stirring mixer machine · coating machines · drying machines · rolling and punching machines · cutting machines · LIB testing system and assembling equipment · packing machines · label marking machine · battery zinc-can · steel shell press equipment · battery module · welding machines · injections machines · robot machinery.

### LIB Testing equipment and services

Flow meter · charging and discharging testing equipment · insulation-testing machines · longevity testing machines · resistance testing machines · interior electrical resistance testing machines · and other testing&verifying&analyzing institutes.

### Related equipment

Drying room · humidity adjustment machines · charger · IC protector · battery packing box · DC/AC convertor · transformer.breaker and other related equipment.

## Exhibition Expenses

Booth Type	Raw space (minimum 36 sqm)	Standard booth(3mx3m)	Speeches (Foreign companies)
Price	USD 380/sqm	3800 USD	USD 3800/25 minutes

Note:Not including 6% VAT
